MANAGING DIRECTOR'S MESSAGE

Mr. Ashok V. Hiremath
Managing Director

Dear Shareholders,

Astec continued on its journey of sustained growth during the Financial Year 2018-19. Total Revenues grew by 16.64% from ₹ 37,895 Lakh during 2017-18 to ₹ 44,200 Lakh during 2018-19. Exports increased from 54.61% of Sales during 2017-18 to 56.38% of Sales during 2018-19. Profit After Tax (PAT) improved by 2.05%, from ₹ 3,497 Lakh during 2017-18 to ₹ 3,569 Lakh during 2018-19. PAT growth did not keep up with Revenue growth due to sudden changes in input costs in the last Quarter, which we were unable to pass on to our customers.

Problems in China continued due to strict environmental controls introduced by their Government in line with their 'blue skies' policy. This was compounded by some major accidents that shut down several major industrial hubs in China resulting in sharp and frequent increases in input costs which led to pressure on margin. However, Western and Japanese customers continue their strategy to de-risk their supply chain from China and this will result in further increase in demand for our products.

Astec's increased capacities were essential to responding to the increased demand for our products. Astec's long term relationships are key to getting a significant share of the increased demand.

The Company's contract manufacturing business also performed well and we saw strong demand for our products. We also have several projects in the pipeline which will be rolled out over the next few years.

A new plant to manufacture the intermediates was commissioned during 2018-19 and is performing as per expectations. This has led to improvement and stability in margins and less dependence on China.

We have also undertaken additional projects in this Financial Year to cater to new products and backward integration with a clear strategy to reduce our dependence on China and to be a preferred partner for new products that our customers need. We will also be installing and commissioning a new herbicide plant.

Our Research & Development (R&D) team continues to develop new products at a healthy pace. We will commercialize 2 (two) new products in the current Financial Year. We will also expand our R&D footprint during this year.

We are in the final stages of purchasing a new site for a major R&D Centre, which will result in a quantum jump in our R&D capabilities. We hope to commission this facility in the next 18 (eighteen) months.

Our Environment, Health and Safety team continued its excellent work. Your Company received the prestigious Indian Chemical Council award for "Excellence in Management of Health and Safety".

Your Company's short term rating has been upgraded from "A1" to "A1+" and the long term rating from "A" to "AA-".

Our CSR activities continued in line with the Group's Good and Green philosophy. We worked on projects in the area of education, water and sanitation. Our programme to enhance rural livelihood of communities in the areas of our manufacturing plants yielded good results.

Finally, I would like to express my sincere appreciation to all our employees, for their contribution towards the performance of the Company. I also appreciate the support received from our customers, suppliers, various Government departments and gratefully acknowledge the continuous support of all our Shareholders.

Your sincerely,

Ashok Hiremath
Managing Director

In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.

3. During the period beginning 24 (twenty-four) hours before the time fixed for the commencement of the AGM and ending with the conclusion of the AGM, a Shareholder would be entitled to inspect the Proxies lodged, at any time during the business hours of the Company from 10.00 a.m. (IST) to 5.30 p.m. (IST).

4. Shareholder(s) / Proxy(ies) / Authorized Representative(s) should bring the duly filled Attendance Slip enclosed herewith to the AGM.
5. The Register of Directors and Key Managerial Personnel and their Shareholding, maintained under Section 170 of the Act, will be available for inspection by the Shareholders at the AGM.
6. The Register of Contracts and Arrangements in which the Directors are interested, maintained under Section 189 of the Act, will be available for inspection by the Shareholders at the AGM.
7. The Register of Members and Share Transfer Books of the Company will remain closed from **Monday, 22nd July, 2019 to Thursday, 25th July, 2019 (both days inclusive)**.
8. All documents referred to in Point Nos. 4, 5 and 6 of the accompanying Notice are available for inspection at the Registered Office of the Company from 10.00 a.m. (IST) to 5.30 p.m. (IST) on all days except Saturdays, Sundays and Public Holidays, upto the date of the AGM.
9. Shareholders holding shares in dematerialized form are requested to direct change of address notifications and updates of bank account details with their respective Depository Participants.
10. Pursuant to Sections 101 and 136 of the Act read with the relevant Rules framed thereunder, companies can serve Annual Reports and other communications through electronic mode to those Shareholders who have registered their e-mail address either with the Company or with the Depository Participant(s). Shareholders holding shares in dematerialized form are requested to register their e-mail address with their Depository Participant(s) only. Shareholders of the Company who have registered their e-mail address are also entitled to receive such communication in physical form, upon request. For Shareholders who have not registered their e-mail addresses, physical copies would be sent by the permitted mode.

Shareholders are requested to support this Green Initiative by registering/updating their e-mail address(es) with the Depository Participant(s) (in case of Shares held in dematerialized form) or with Bigshare Services Private Limited, Registrar and Share Transfer Agent ("Bigshare") (in case of Shares held in physical form).

Shareholders may also note that the Notice of this Annual General Meeting and the Annual Report for the Financial Year 2018-19 will also be available on the Company's website www.astecls.com for their download.

11. The Notice of AGM, Annual Report, Attendance Slip, Route Map for the AGM Venue and Proxy Form are being sent in electronic mode to Shareholders whose e-mail address(es) are registered with the Company or the Depository Participant(s), unless the Shareholders have requested for hard copies of the same. Physical copy of the Notice of AGM, Annual Report, Attendance Slip, Route Map for the AGM Venue and Proxy Form are being sent to those Shareholders who have not registered their e-mail address with the Company or Depository Participant(s). Shareholders who have received the Notice of AGM, Annual Report, Attendance Slip, Route Map for the AGM Venue and Proxy Form in electronic mode are requested to print the Attendance Slip and submit a duly filled in Attendance Slip at the registration counter at the AGM venue. Shareholders are requested to furnish the printed Attendance Slip along with a valid identity proof such as PAN Card, Passport, Aadhar Card or Driving License while entering the AGM hall.
12. The Dividend, if declared at the AGM, would be paid/dispatched by **Monday, 5th August, 2019** to those persons or their mandates:
 - (a) whose names appear as Beneficial Owners as at the end of the business hours on **Friday, 19th July, 2019** in the list of Beneficial Owners to be furnished by National Securities Depository Limited and Central Depository Services (India) Limited in respect of the shares held in electronic form; and
 - (b) whose names appear as Shareholders in the Register of Members of the Company after giving effect to valid share transfers in physical form lodged with the Company/ Bigshare on or before **Friday, 19th July, 2019**.

13. Compulsory Transfer of Equity Shares to Investor Education and Protection Fund (“IEPF”) Suspense Account:

Pursuant to the provisions of Sections 124 and 125 of the Companies Act, 2013 and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (as amended), all Equity Shares on which dividend has not been paid or claimed for 7 (seven) consecutive years or more shall be transferred to the IEPF authority after complying with the procedure laid down under the said Rules.

The Company in compliance with the aforesaid provisions and the said Rules has transferred 2,571 (Two Thousand Five Hundred Seventy One) Equity Shares of the Face Value of ₹ 10/- each belonging to 18 (Eighteen) Shareholders underlying the unclaimed dividends for the Financial Year 2010-11. The market value of the Equity Shares transferred is approximately ₹ 13.84 Lakh considering the Share Price as on 31st March, 2019. Shareholders are requested to take note of the aforesaid newly notified Sections of the Companies Act, 2013 and claim their unclaimed dividends immediately to avoid transfer of the underlying shares to the IEPF.

Shareholders may note that the dividend and Equity Shares transferred to the IEPF can be claimed back by the concerned Shareholders from the IEPF Authority after complying with the procedure prescribed under the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016.

Unclaimed/Unpaid Dividend:

Shareholders are informed that the dividend amount for the Financial Year 2011-12 remaining unclaimed shall become due for transfer on 25th October, 2019 to the Investor Education and Protection Fund established by the Central Government in terms of Section 124 of the Companies Act, 2013, on expiry of 7 (seven) years from the date of its declaration.

Shareholders are requested to note that no claim shall lie against the Company in respect of any amount of dividend remaining unclaimed / unpaid for a period of 7 (seven) years from the dates they became first due for payment.

Any Shareholder, who has not claimed the dividend in respect of the Financial Year 2011-12 is requested to approach the Company / the Registrar and Share Transfer Agents of the Company for claiming the same as early as possible, preferably on or before 10th October, 2019. The Company is in the process of sending reminders to all such Shareholders at their registered addresses for claiming the unpaid/unclaimed dividend, which will be transferred to IEPF in due course.

The details of dividend declared from the Financial Year 2011-12 and the last date of transferring unclaimed and unpaid dividend declared by the Company for the Financial Year 2011-12 is as under:

The detailed dividend history, due dates for transfer to IEPF, and the details of unclaimed amounts lying with the Company in respect of dividends declared since 2010 are available on website of the Company, www.astecls.com.

Also, pursuant to Section 124(2) of the Companies Act, 2013, the Company has uploaded details of unpaid and unclaimed amounts lying with the Company in respect of dividends declared in Financial Year 2017-18, on the website of the Company, www.astecls.com.

14. Shareholders who have not encashed the dividend warrants for the previous year/s so far, are requested to make their claim with Bigshare Services Private Limited, Registrar and Share Transfer Agents of the Company, at 1st Floor, Bharat Tin Works Building, Opp. Vasant Oasis, Makwana Road, Marol, Andheri (East), Mumbai – 400 059, Maharashtra, well in advance of the above due dates. Pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company has uploaded the details of Unpaid and Unclaimed dividend amount(s) lying with the Company as on 1st August, 2018 (date of last AGM) on the website of the Company, www.astecls.com, as also on the website of the Ministry of Corporate Affairs (MCA).
15. Shareholders can avail of the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Act. Shareholders desiring to avail of this facility may send their nomination in the prescribed Form No. SH-13 duly filled in to Bigshare at the above mentioned address. Shareholders holding shares in electronic form may contact their respective Depository Participants for availing this facility.
16. The Securities and Exchange Board of India has made it mandatory for all companies to use the Bank Account details furnished by the Depositories and the Bank Account details maintained by the Registrar and Share Transfer Agents for payment of Dividend through Electronic Clearing Service (ECS) to investors wherever ECS and Bank details are available. In the absence of ECS facilities, the Company will print the Bank Account details, if available, on the payment instrument for distribution of Dividend. The Company will not entertain any direct request from Shareholders holding shares in electronic mode for deletion of/change in such Bank Account details. Further, instructions if any, already given by them in respect of shares held in physical form will not be automatically applicable to shares held in the electronic mode. Shareholders who wish to change such Bank Account details are therefore requested to advise their Depository Participant(s) about such change, with complete details of Bank Account.
17.
 - a) Shareholders holding the shares in electronic mode may please note that their dividend would be paid through National Electronic Clearing System (NECS) or Electronic Clearing Services (ECS) at the available RBI locations or NEFT. The dividend would be credited to their bank accounts as per the mandate given by the Shareholders to their Depository Participant(s). In the absence of availability of NECS/ECS/NEFT facility, the dividend would be paid through warrants and the Bank details as furnished by the respective Depositories to the Company will be printed on their dividend warrants as per the applicable Regulations.
 - b) Shareholders are requested to send their bank account particulars (viz., Account No., Name & Branch of the Bank and the MICR Code) to their Depository Participants (DPs) in case the shares are held in electronic mode or to the Registrar and Share Transfer Agents in case the shares are held in physical mode for printing on dividend warrant to ensure that there is no fraudulent encashment of the warrants.
18. The details of the Directors seeking appointment and re-appointment under Item Nos. 3, 4 and 5 of this Notice is annexed hereto in terms of Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards - 2 on “General Meetings”.

19. Shareholders are requested to send in their queries at least a week in advance to the Company Secretary at the Registered Office of the Company to facilitate clarifications during the Meeting.

20. **E-voting:**

- a) In compliance with the provisions of Section 108 of the Act and Rule 20 of the Companies (Management and Administration) Rules, 2014 and as per Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 [including any statutory amendment(s) / modification(s) / re-enactment(s) thereto], the Company has provided a facility to the Shareholders to cast their votes, electronically, through the electronic voting service facility arranged by Central Depository Services (India) Limited (CDSL) on all resolutions set forth in this Notice. The Facility for voting through Ballot Form will also be made available at the AGM and the Shareholders attending the AGM, who have not already cast their votes by remote e-voting shall be able to exercise their voting right at the AGM through Ballot Form.
- b) The Shareholders who wish to cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again, and if casted again then the same will not be counted.
- c) The remote e-voting period commences on **Monday, 22nd July, 2019 (at 9.00 a.m. IST)** and ends on **Thursday, 25th July, 2019 (at 5.00 p.m. IST)**. During this period, the Shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date, i.e., **Friday, 19th July, 2019**, may cast their votes by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is casted by the Shareholder, the Shareholder shall not be allowed to change it subsequently.

PROCEDURE FOR REMOTE E-VOTING IS AS UNDER:

The details of the process and manner for remote e-voting are explained herein below:

- (i) Log on to the e-voting website www.evotingindia.com.

21. Shareholders holding shares in physical form are requested to consider converting their holdings to dematerialized form to eliminate all risks associated with physical shares and for ease of portfolio management. Shareholders can contact the Company or Bigshare for assistance in this regard. This is also further to the Circular issued by the Securities and Exchange Board of India on dematerialization of shares.
Shareholders holding shares in more than one folio in the same name(s) are requested to send the details of their folios along with share certificates so as to enable the Company to consolidate their holding into one folio.
22. Voting through Ballot Form shall be allowed at the time of AGM for the Shareholders who have not already cast their vote through remote e-voting.
23. Mr. Vikas R. Chomal, Practicing Company Secretary (Certificate of Practice No. 12133) has been appointed as the Scrutinizer to scrutinize the e-voting process as well as the voting by Ballot Form, to be conducted at the AGM, in a fair and transparent manner.
24. A Shareholder can vote either by remote e-voting or at the AGM. In case a Shareholder votes by both the modes then the votes cast through remote e-voting shall prevail and the votes cast at the AGM shall be considered invalid.
25. The Results shall be declared not later than 48 (forty-eight) hours from conclusion of the AGM. The Results declared along with the Scrutinizer's Report will be placed on the website of the Company at www.astecls.com immediately after the Result is declared by the Chairman and will simultaneously be forwarded to BSE Limited and National Stock Exchange of India Limited, where Equity Shares of the Company are listed.
26. Subject to receipt of requisite number of votes, the Resolutions shall be deemed to be passed on the date of the Meeting, i.e. **Friday, 26th July, 2019**.
27. The Securities and Exchange Board of India has mandated submission of Permanent Account Number (PAN) by every participant in securities market. Shareholders holding shares in dematerialized form are, therefore, requested to submit PAN details to the Depository Participant with whom they are maintaining their demat accounts. Shareholders holding shares in physical form can submit their PAN details to Bigshare / the Company.
28. Route Map showing directions to reach to the venue of the 25th (Twenty Fifth) AGM is given at the end of this Notice as per the requirement of the Secretarial Standards-2 on "General Meetings."

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 (“THE ACT”)

The following Explanatory Statement in terms of the provisions of Section 102(1) of the Act, sets out all material facts relating to the Special Business mentioned in the accompanying Notice for convening the 25th (Twenty Fifth) Annual General Meeting of Astec LifeSciences Limited on **Friday, 26th July, 2019 at 3.30 p.m. (IST): -**

ITEM NO. 4:

Subject to the approval of the Shareholders of the Company and based on the recommendation of the Nomination and Remuneration Committee at its Meeting held on 29th March, 2019, the Board of Directors of the Company, at its Meeting held on the same day, has granted approval for re-appointment of Mr. Ashok V. Hiremath as the “Managing Director” of the Company for a period of 1 (one) year with effect from 1st April, 2019 upto 31st March, 2020 and for the remuneration payable to him in such capacity.

Therefore, in accordance with the provisions of Sections 196, 197, 203 and other applicable provisions of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, read with Schedule V to the Companies Act, 2013, the proposed remuneration of Mr. Ashok V. Hiremath as the “Managing Director” of the Company and the terms and conditions of his re-appointment require approval of the Shareholders by way of a Special Resolution.

A brief profile of Mr. Ashok V. Hiremath in terms of Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, is provided elsewhere in this Notice.

The proposed remuneration and terms and conditions of appointment of Mr. Ashok V. Hiremath are as given below:

Term:

Period of 1 (one) year with effect from 1st April, 2019 upto 31st March, 2020.

Nature of Duties:

Mr. Ashok V. Hiremath shall carry out such functions, exercise such powers and perform such duties as the Board shall, from time to time, in its absolute discretion determine and entrust to him.

Remuneration:

- Basic Salary of ₹ 42,77,498/- (Rupees Forty Two Lakh Seventy Seven Thousand Four Hundred Ninety Eight Only) per annum effective from 1st April, 2019 upto 31st March, 2020.
- Other benefits, perquisites and allowances will be determined by the Nomination and Remuneration Committee and/or the Board of Directors, from time to time or as per the Rules of the Company.
- Bonus / performance linked incentives based on performance criteria laid down by the Board of Directors or the Nomination and Remuneration Committee.
- Contribution to Provident Fund and Gratuity Fund as per the Rules of the Company.
- The aggregate of the remuneration shall be within the maximum limits as laid down under Sections 196, 197, 203 and other applicable provisions of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, read with Schedule V to the Companies Act, 2013, as may be amended from time to time and shall be subject to requisite approvals, if and to the extent necessary.

- Mr. Ashok Hiremath shall not be paid any sitting fees for attending Meetings of the Board of Directors or of any Committee thereof.

Minimum Remuneration:

Notwithstanding anything to the contrary herein contained where in the Financial Year ending 31st March, 2020 during the currency of the tenure of Mr. Ashok V. Hiremath, the Company has no profits or its profits are inadequate, the Company will pay remuneration by way of salary and perquisites and allowances as specified above subject to compliance with the applicable provisions of Schedule V to the Companies Act, 2013 and the Rules framed thereunder, if and to the extent necessary, with the requisite approvals.

Other Terms of Re-appointment:

- In terms of the Article 130 of the Articles of Association of the Company, Mr. Ashok V. Hiremath shall not be liable to retire by rotation.
- The terms and conditions of his re-appointment may be altered and varied from time to time by the Board of Directors as it may, in its discretion, deem fit, irrespective of the limits stipulated under Schedule V to the Companies Act, 2013, or any amendments made hereinafter in this regard, in such manner as may be agreed to between the Board and the Managing Director, subject to such approvals as may be required.
- Mr. Ashok V. Hiremath shall not become interested or otherwise concerned, directly or through his spouse and/or children, in any selling agency of the Company.
- Employment of Mr. Ashok Hiremath may be terminated by the Company without notice or payment in lieu of notice:
 - a) If, he is found guilty of any gross negligence, default or misconduct in connection with or affecting the business of the Company or any subsidiary or associated company to which he is required by the Agreement to render services; or;
 - b) In the event of any serious repeated or continuing breach (after prior warning) or non-observance by him of any of the stipulations contained in the Agreement between the Company and Mr. Ashok V. Hiremath; or
 - c) In the event the Board expresses its loss of confidence in him.
- If and when the Agreement expires or is terminated for any reason whatsoever, Mr. Ashok V. Hiremath will cease to be the "Managing Director" and also cease to be a "Director". If at any time, Mr. Ashok V. Hiremath ceases to be a "Director" of the Company for any reason whatsoever, he shall cease to be the "Managing Director" and the Agreement shall forthwith terminate. If at any time, Mr. Ashok V. Hiremath ceases to be in the employment of the Company for any reason whatsoever, he shall cease to be a "Director" and "Managing Director" of the Company.
- The re-appointment may be terminated by either party by giving to the other party 3 (three) months' notice in writing of such termination or the Company paying 3 (three) months' basic salary in lieu thereof.
- The terms and conditions of the re-appointment of Mr. Ashok V. Hiremath also include clauses pertaining to adherence to the Code of Conduct for the Board of Directors and Senior Management Personnel of the Company.

Except Mr. Ashok V. Hiremath and his relatives, none of the other Directors or Key Managerial Personnel or their relatives are in any way, whether financially or otherwise, concerned or interested in this Resolution.

Statement as required under Section II of Part II of Schedule V to the Companies Act, 2013 is provided elsewhere in this Notice.

The Board of Directors recommends the **Special Resolution** as set out in Item No. 4 in the Notice for approval of the Shareholders.

ITEM NO. 5:

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Cautionary Statement

The statements in the “Management Discussion and Analysis Report” describe your Company’s objectives, projections, estimates and expectations which may be “forward-looking statements” within the meaning of the applicable laws and regulations. The actual results could differ materially from those expressed or implied, depending upon the economic and climatic conditions, government policies, taxation and other laws and other incidental factors.

Industry Structure and Developments

Indian Economy & Agriculture Overview

Indian economy was one of the fastest growing economies during the Financial Year 2018-19, despite the growth rate being lower than the previous year. Higher growth was witnessed in sectors such as construction, financial services, real-estate and utilities, whereas, agriculture and mining grew at a lower rate. For the next fiscal year, Indian economy is expected to grow at a healthy pace, supported by increase in consumption and investments.

Financial Year 2018-19 was a tough year for the agricultural sector. The South West monsoon was 9% lower than the long period average rainfall (LPA – measured for the trailing 10 years’ period). Further, the rainfall distribution was erratic and patchy with more than one-third of the country’s districts reporting deficit rainfall.

For the Financial Year 2019-20, there is an expectation of a normal monsoon and weak impact of ‘El Nino’ as per the recent estimates of the Indian Meteorological Department (IMD). This augurs well for the agricultural sector and can result in strong demand for agrochemicals in the coming season.

Agrochemical Industry and Implications for the Company

China agrochemical supply chain disruption continues to impact the availability of key raw materials for the agrochemical companies in India during the Financial Year 2018-19 also. However, your Company has completed the backward integration facility during the Financial Year 2018-19, which reduces the dependence on raw material from China to an extent.

Globally, opportunity size for the agrochemical industry remains high with large number of molecules going off-patent in the next 3 to 5 years. Further, disruption in the supply of agrochemicals from China places India at a sweet spot with international firms, as the latter are looking at partnering with Indian manufacturers for contract manufacturing business. This provides a long-term revenue visibility to the Indian agrochemical companies.

Company’s Financial and Operational Performance

Your Company posted strong performance during the Financial Year 2018-19 as total income and profit before tax excluding exceptional items grew year-on-year by 16.7% and 8.4%, respectively. Godrej Agrovet Limited further increased its stake in Astec LifeSciences Limited and holds 57.67% stake in the Company as on 31st March, 2019.

During the year, revenue growth was supported by both - the export business and the domestic business. Going forward, your Company will continue to focus on developing manufacturing capabilities which should cater to the key changes emerging in agrochemical industry, both in the domestic and overseas markets. Your Company will also keep on working towards adding new customers for ensuring sustained business growth over the medium-term.

The key highlights of the Consolidated financials for the Financial Year ended 31st March, 2019 are as under:-

Particulars	Amount (₹ in Lakh)
Total Income	44,205.78
Earnings before Exceptional Items, Interest, Tax, Depreciation and Amortization	8,762.94
Profit Before Tax for the Financial Year 2018-19	5,590.41
Total Comprehensive Income for the Financial Year 2018-19	3,595.99

In the key financial ratios for the Financial Year ended 31st March, 2019, viz., the Debtors Turnover ratio, Inventory Turnover ratio, Interest Coverage ratio, Current ratio, Debt Equity ratio, Operating Profit margin, Net Profit margin and Return on Net Worth, there were no significant changes (i.e., change of 25% or more) as compared to the immediately preceding Financial Year ended 31st March, 2018.

Opportunities & Threats

Opportunities

50% of the Indian agrochemical industry's value is derived from exports and therefore, exports are expected to grow at a faster pace in the coming years as compared to the domestic market. As global companies look for alternate manufacturing locations from China, the opportunity available to Indian manufacturers including your Company will be huge. Organizations with deep technical capabilities of technical / intermediate chemistries are likely to gain from this shift/diversification of the manufacturing base.

Threats

Erratic and poor South West monsoon can adversely impact the demand for the products of the agrochemical companies. Prolonged El Nino condition also poses a risk to companies in this sector.

A large part of your Company's operations are dependent on exports and need raw materials which may not be available in the domestic market, therefore, risk associated with the non-availability of these materials from overseas markets and with the foreign currency volatility always exists.

Segment-Wise Performance or Product- Wise Performance

Your Company has only 1 (one) reportable segment, i.e., Agrochemicals and total income from agrochemicals was ₹ 44,205.78 Lakh for the Financial Year 2018-19.

Risks and Concerns

As the overall Indian agriculture is dependent of South West monsoon, so any deviation severely impacts the domestic demand of agrochemicals. Also the crop pest incidences, complex, severity and possible reported resistance may adversely impact the usage of agrochemicals. Timely approval from Government authorities for commencement of the plant operations could be another risk which can impact the ability of the business to meet its manufacturing timelines.

Internal Control Systems and their Adequacy

Your Company remains committed to improve the effectiveness of internal control systems for business processes with regard to its operations, financial reporting and compliance with applicable laws and regulations. Your Company has a proper system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly.

Outlook

The global as well as domestic demand for triazole fungicide is showing a strong demand. This is primarily driven by launch of few combination fungicides with new chemistries and existing molecules. Your Company is also working on enhancing its offering within theazole fungicide products and developing a robust pipeline for Contract Manufacturing business.

Material Developments in Human Resources / Industrial Relations front, including number of people employed

Your Company would like to place on record, sincere appreciation for the valuable contribution and support of employees towards the performance and growth of the Company. The management team comprises of professionals with a proven track record. The total number of permanent employees on the rolls of the Company as on March 31, 2019 is 312. There have been no material developments in Human Resources during the Financial Year 2018-19. Your Company continues to remain focused and sensitive to the role of human resources in optimizing results in all its areas of working and its industrial relations also continue to be cordial.

REPORT ON CORPORATE GOVERNANCE

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2019

In accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**Listing Regulations**”), the Directors of **Astec LifeSciences Limited** (“**the Company**”) have pleasure in presenting the Company’s Report on Corporate Governance for the Financial Year ended 31st March, 2019.

1. COMPANY’S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE:

The Securities and Exchange Board of India (SEBI) has introduced a Code of Corporate Governance for listed companies, which is implemented through the Listing Regulations.

Corporate Governance is a set of systems and practices to ensure that the affairs of the Company are being managed in a manner which ensures accountability, transparency and fairness in all its transactions in the widest sense and meet its stakeholders’ aspirations and societal expectations. Good governance practices stem from the culture and mindset of the organization and the Company is committed to meet the aspirations of all its stakeholders. This demonstrates in Shareholders’ returns, governance processes and an entrepreneurial performance focused work environment. The Company’s customers have benefited from high quality products delivered at the most competitive prices. The demands of Corporate Governance require professionals to raise their competency and capability levels to meet the expectations in managing the enterprise and its resources effectively with the highest standards of ethics.

The Company believes that good Corporate Governance leads to corporate growth and long term gain in Shareholder value. The Company is committed to maintaining the highest standards of Corporate Governance in its conduct towards Shareholders, employees, customers, suppliers and other Stakeholders.

The Company is in compliance with the requirements of Corporate Governance as prescribed under the Listing Regulations.

2. BOARD OF DIRECTORS:

A. Board Structure:

The Board of Directors is the apex body constituted by the Shareholders for overseeing the Company’s overall functioning. The Board provides and evaluates the Company’s strategic directions, management policies and their effectiveness, and ensures that the Shareholders’ long-term interests are being served. D. Board Induction and Training:

At the time of appointing a Director, a formal Letter of Appointment is given to him / her, which, *inter alia*, explains the role, functions, duties and responsibilities of a Director of the Company. The Director is also explained in detail the compliances required from him / her under the Act and the Listing Regulations and other relevant Regulations and his / her affirmation is taken with respect to the same.

E. Familiarization Programmes for Independent Directors:

All Independent Directors of the Company are provided with necessary documents, reports and internal policies to enable them to familiarise with the Company’s procedures and practices. Periodic presentations are made at the Board and Committee Meetings, on business and performance updates of the Company, business strategy and risks involved. Quarterly updates on relevant statutory changes covering important applicable laws are discussed at the Meetings of the Board of Directors.

The details of familiarization programmes for Independent Directors are hosted on the website of the Company, viz., www.astecls.com, on the weblink <http://www.astecls.com/listing-compliance.aspx>.

F. Board Meetings – Procedure and Attendance:

The Board of Directors, *inter alia*, focuses on / oversees strategic planning, risk management, compliance, succession planning for Directors, etc., with high standards of ethical conduct and integrity.

The Board of Directors meets at regular intervals to discuss and decide on business strategies / policies and reviews the financial and operational performance of the Company and its subsidiaries. In case of business exigencies, the Board's approval is taken through Resolutions by Circulation, which are then noted at subsequent Board Meetings.

The Agenda for the Meetings of the Board and its Committees are circulated in advance as per the provisions of the Act and the Rules framed thereunder and Secretarial Standard – 1 (“SS-1”) issued by the Institute of Company Secretaries of India (ICSI) to the Directors to ensure sufficient time is provided to Directors to prepare for the Meetings. This ensures timely and informed decisions by the Board.

The Board meets at least once in a quarter to, *inter alia*, review, approve and take note of quarterly Standalone and Consolidated Financial Results of the Company, various Compliance Report(s) under the applicable laws, major legal issues, regulatory developments, Minutes of the Meeting(s) of the Board and its Committees and those of its Subsidiary Companies, Significant Transactions entered into with Related Parties and note compliances with other law(s) as applicable to the Company and the Listing Regulations.

The Company Secretary attends all the Meetings of the Board and its Committees and is, *inter alia*, responsible for recording the Minutes of such Meetings. The draft Minutes of the Meeting of the Board and its Committees are sent to the Members for their comments in accordance with the Secretarial Standards and then, the Minutes are entered in the Minutes Book within 30 (thirty) days of the conclusion of the Meetings, subsequent to incorporation of the comments, if any, received from the Directors. The Company complies with the provisions of the Companies Act, 2013 read with the Rules framed thereunder, Secretarial Standards and Listing Regulations with respect to convening and holding the Meetings of the Board of Directors and its Committees.

The Meeting of the Board of Directors and its Committees are usually held at the Registered Office of the Company at Godrej One, Vikhroli, Mumbai (Maharashtra).

At the time of appointment or re-appointment, the Managing Director and Whole Time Director shall be paid such remuneration as may be mutually agreed between the Company (which includes the Nomination and Remuneration Committee and the Board of Directors) and the Managing Director and Whole Time Director within the overall limits prescribed under the Act. The remuneration shall be subject to the approval of the Shareholders of the Company.

In determining the remuneration, the Nomination and Remuneration Committee shall ensure / consider the following:

- i. the relationship of remuneration and performance benchmarks is clear;
- ii. the balance between fixed and incentive pay reflecting short and long term performance objectives, is appropriate to the working of the Company and its goals;
- iii. the responsibility required to be shouldered by the Managing Director and Whole Time Director, the industry benchmarks and the current trends.

Policy for Determining Remuneration of Non-Executive Directors:

The Non-Executive Directors shall be entitled to receive remuneration by way of sitting fees, reimbursement of expenses for participation in the Board / Committee Meetings and commission as decided by the committee, if any.

A Non-Executive Independent Director shall be entitled to receive sitting fees for each Meeting of the Board and Committee of the Board attended by him, of such sum as may be approved by the Board of Directors within the overall limits prescribed under the Act and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

The Nomination and Remuneration Committee may recommend to the Board of Directors, the payment of commission, to reinforce the principles of collective responsibility of the Board.

In determining the quantum of commission payable to the Directors, the Nomination and Remuneration Committee shall make its recommendation after taking into consideration the overall performance of the Company and the onerous responsibilities required to be shouldered by the Director.

Policy for Determining Remuneration of Senior Management Employees:

In determining the remuneration of the Senior Management Employees (i.e. Key Managerial Personnel and other Senior Management Employees), the Nomination and Remuneration Committee shall ensure / consider the following:

1. The relationship of remuneration and performance benchmark is clear;
2. the balance between fixed and incentive pay reflecting short and long term performance objectives, is appropriate to the working of the Company and its goals;
3. the remuneration is divided into two components viz. fixed component comprising salaries, perquisites and retirement benefits and a variable component comprising performance bonus;
4. the remuneration including annual increment is decided based on the criticality of the roles and responsibilities, the Company's performance vis-à-vis the annual budget achievement, individuals performance vis-à-vis KRAs / KPIs, industry benchmark and current compensation trends in the market;

The Managing Director or Whole-Time Director will carry out the individual performance review of Key Managerial Personnel and Senior Management Employees, based on the standard appraisal matrix and shall take into account, the appraisal score and other factors mentioned hereinabove, whilst recommending the annual increment and performance incentive to the Nomination and Remuneration Committee for its review and approval.

STANDALONE FINANCIALS AND AUDITORS' REPORT

INDEPENDENT AUDITOR’S REPORT

To the Members of
Astec LifeSciences Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Astec LifeSciences Limited (“the Company”), which comprise the standalone balance sheet as at 31 March 2019, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor’s Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Revenue Recognition

See note 25 to the standalone financial statements

Key audit matter	How the matter was addressed in our audit
Revenue from sale of goods is recognised when the control of the goods has passed, which is usually on delivery of the goods. There is a risk that revenue may be overstated on account of it being recorded in the incorrect period.	Our audit procedures included the following: <ul style="list-style-type: none"> - Evaluating the process followed by the management for revenue recognition including understanding and testing of key controls relating to recognition of revenue in correct period; - Inspecting underlying documentation/records for sales transactions recorded either side of year-end to determine whether revenue has been recognised in the correct period; and - Critically assessing manual journals posted to revenue to identify unusual or irregular items.

Pending Litigations and claims

See note 43 to the standalone financial statements

Key Audit Matter	How the matter was addressed in our audit
<p>As at 31 March 2019, Company is having pending litigations under various laws such as Income Tax, Excise, VAT and Customs.</p> <p>We focused on this area as eventual outcome of the claims is uncertain and position taken by the management is based on the application of material judgment and estimation. Accordingly, unexpected adverse outcome could significantly impact Company's profit and balance sheet position.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none">- We discussed the status of significant and potential litigations with management who have knowledge of these matters and where relevant we also obtained formal confirmation from the Company's external tax consultants;- Use of our own local Indirect and Direct tax specialists to assess the value of contingent liabilities in light of the nature of exposure, applicable regulations and related correspondence with authorities; and- Considering the adequacy of the disclosure made in relation to contingent liabilities.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 - (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the IndAS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its standalone financial statements - Refer Note 43 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2019.
 - (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. ANNEXURE B TO THE AUDITOR'S REPORT

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF ASTEC LIFESCIENCES LIMITED – 31 MARCH 2019

Report on the internal financial controls with reference to financial statements under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph (A-f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Astec LifeSciences Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note 1 : Significant accounting policies

A. General Information

Astec LifeSciences Ltd. ("the Company") is a public limited company, which is domiciled and incorporated in the Republic of India with its registered office situated at Godrej One, 3rd Floor, Pirojshanagar, Eastern Express Highway, Vikhroli (East), Mumbai - 400 079. The Company was incorporated under the Companies Act, 1956 on January 25, 1994. The Company manufactures a wide range of Agrochemical active ingredients and pharmaceutical intermediates.

B. Basis of preparation

(1) Statement of compliance with Ind AS

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statements for the year ended 31 March 2019 have been reviewed by the Audit Committee and subsequently approved by the Board of Directors at its meeting held on April 30, 2019.

(2) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that is measured at fair value (refer- Accounting policy regarding financials instruments);
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments - measured at fair value

(3) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency') The Indian Rupee (INR) is the functional and presentation currency of the company. All amounts have been rounded off to the nearest lakh, unless otherwise indicated.

C. Key estimates and assumptions

While preparing financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgement, estimates and assumptions are required in particular for:

(1) Determination of the estimated useful lives

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

(2) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

(3) Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

(4) Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(5) Discounting of long-term financial assets / liabilities

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortised cost, interest is accrued using the effective interest method.

(6) Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this option pricing model.

(7) Determining whether an arrangement contains a lease

At inception of an arrangement, the Company determines whether the arrangement is or contains a lease.

At inception or on reassessment of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Company concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is

recognised using the Company's incremental borrowing rate. And in case of operating lease, treat all payments under the arrangement as lease payments.

(8) Fair value of financial instruments

Derivatives are carried at fair value. Derivatives includes foreign currency forward contracts. Fair value of foreign currency forward contracts are determined using the fair value reports provided by respective bankers.

(9) Liability for Sales Return

Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

D. Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

E. Significant accounting policies

(1) Revenue recognition :

i. Sale of goods

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Company includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Revenue from the sale of goods are recognized when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer, This is generally when the goods are delivered to the customer depending on individual customer terms, which can be at the time of dispatch or delivery. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Company no longer have control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Company. As at 31 March 2019, an estimate has been made of goods that will be returned and a liability has been recognized for this amount. An asset has also been recorded for the corresponding inventory that is estimated to return to the Company using a best estimate based on accumulated experience.

ii. Dividend income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

iii. Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

(2) Foreign currency :

(i) Transaction and balances

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognized as income and expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

Exchange differences are generally recognised in the Statement of Profit and Loss, except exchange differences arising from the translation of the following item which are recognized in OCI:

- Qualifying cash flow hedges to the extent that the hedges are effective.

(3) Employment Benefits

(i) Short-term obligations

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Company has a scheme of Performance Linked Variable Remuneration (PLVR) which rewards its employees based on either Economic Value Added (EVA) or Profit before tax (PBT). The PLVR amount is related to actual improvement made in either EVA or PBT over the previous year when compared with expected improvements.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The following post – employment benefit plans are covered under the defined benefit plans:

Gratuity :

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(iv) Share-based payments

Share-based compensation benefits are provided to employees via the Astec LifeSciences Limited Employee Stock Option Plan.

Employee options:

The fair value of options granted under the Astec LifeSciences Limited Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

(v) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(vi) Terminal benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

(4) Income-tax

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in the OCI.

(i) Current tax

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for

taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and associates to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognized directly in equity or OCI is recognized in equity or OCI and not in the statement of profit and loss.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(5) Inventories

- (i) Raw materials and stores, work in progress, traded and finished goods

Raw materials and stores, work in progress, traded and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Cost includes the reclassification from equity of any gains or losses on qualifying cash flow hedges relating to purchases of raw material but excludes borrowing costs. Costs are assigned to individual items of inventory on the basis of weighted average price. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(6) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Statement of Profit and Loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation/ Amortizations

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives specified in schedule II to the Companies Act, 2013 except for the following:

(a) Plant and Machinery:

Based on the condition of the plants, regular maintenance schedule, material of construction, external and internal assessment and past experience, the Company has considered useful life of Plant and Machinery as 20 years.

(b) Computer Hardware:

Depreciated over its estimated useful life of 4 years.

(c) Leasehold Land:

Amortized over the primary lease period.

(d) Leasehold improvements and equipments:

Amortised over the Primary lease period or 16 years whichever is less

Assets costing less than ₹ 5,000 are fully depreciated in the year of purchase/acquisition. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

(7) Intangible assets

(i) Computer software

Recognition and measurement

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets viz. Computer software and product registration, which are acquired by the Company and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss.

The intangible assets are amortised over the estimated useful lives as given below:

- Computer software 6 years
- Product Registration 5 years

(ii) Research and development

Revenue expenditure on research and development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research and development is accounted for as an addition to property, plant and equipment.

(8) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

(9) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Chief Operating Officer of the Company. The Company has identified only one segment i.e. Agrochemicals as reporting segment based on the information reviewed by CODM.

(10) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial instruments also covers contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments, with the exception of contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements.

Derivatives are currently recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(11) Hedge accounting

The Company designates certain hedging instruments in respect of foreign currency risk, interest rate risk and commodity price risk as cash flow hedges. At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

The effective portion of changes in the fair value of the designated portion of derivatives that qualify as cash flow hedges is recognised in other comprehensive income and accumulated under equity. The gain or loss relating to the ineffective portion is recognised immediately in statement of profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued prospectively when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the statement profit or loss.

i. Financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- Where assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognized in Other Comprehensive Income (i.e. fair value through other comprehensive income).
- A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test: The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Initial recognition and measurement

At initial recognition, the Company measures a financial asset at fair value plus, in the case of a financial asset not recorded at fair value through the Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

Equity investments

- All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.
- If the Company decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.
- Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance.
- b) Trade receivables - The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

ii. Financial liabilities

Classification

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through the Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(12) Provisions, contingent liabilities and contingent assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision disclosure is made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

(13) Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of hedged item on a present value basis from the inception of hedge. The gain or loss relating to the effective portion is recognized immediately in profit or loss.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss.

(14) Leases

In determining whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

(i) Lease payments

Payments made under operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

(ii) Lease assets

Assets held by the Company under leases that transfer to the Company substantially all of the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases are classified as operating leases and are not recognised in the Company's statement of financial position.

(15) Impairment of non-financial assets

Goodwill and intangible assets that have infinite useful life are not subjected to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

The carrying values of other assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor that reflects current market assessments of the time value of money and the risk specific to the asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

(16) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(17) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(18) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(F) Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind AS which the Company has not applied as they are effective from April 1, 2019:

Ind AS 116, Leases

Ind AS 116, Leases: Ind AS 116 is applicable for financial reporting periods beginning on or after 1 April 2019 and replaces existing lease accounting guidance, namely Ind AS 17. Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use ("ROU") asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The nature of expenses related to those leases will change as Ind AS 116 replaces the operating lease expense (i.e. rent) with depreciation charge for ROU assets and interest expense on lease liabilities. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases. The Company is in the process of analysing the impact of new lease standard on its financial statements.

Amendments to existing Ind AS:

(1) **Ind AS 12 Income Taxes : Amendments relating to income tax consequences of dividend and uncertainty over income tax treatments**

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Company does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability. The Company is evaluating the impact of this amendment on its financial statements.

(2) **Ind AS 109 Financial Instruments : Prepayment Features with Negative Compensation**

Under Ind AS 109, a debt instrument can be measured at amortised cost or at fair value through other comprehensive income, provided that the contractual cash flows are 'solely payments of principal and interest on the principal amount outstanding' (the SPPI criterion) and the instrument is held within the appropriate business model for that classification. The amendments to Ind AS 109 clarify that a financial asset passes the SPPI criterion regardless of the event or circumstance that causes the early termination of the contract and irrespective of which party pays or receives reasonable compensation for the early termination of the contract. The Company is evaluating the impact of this amendment on its financial statements.

(3) **Ind AS 28 Investments in Associate and Joint Ventures : Long-term interests in associates and joint ventures**

The amendments clarify that an entity applies Ind AS 109 to long-term interests in an associate or joint venture to which the equity method is not applied but that, in substance, form part of the net investment in the associate or joint venture (long-term interests). This clarification is relevant because it implies that the expected credit loss model in Ind AS 109 applies to such long-term interests. The amendments also clarified that, in applying Ind AS 109, an entity does not take account of any losses of the associate or joint venture, or any impairment losses on the net investment, recognised as adjustments to the net investment in the associate or joint venture that arise from applying Ind AS 28 Investments in Associates and Joint Ventures. The Company does not currently have any long-term interests in associates and joint ventures.

(4) **Ind AS 23 Borrowing Costs**

The amendments clarify that if a specific borrowing remains outstanding after the related qualifying asset is ready for its intended use or sale, it becomes part of general borrowings. The Company is evaluating the impact of this amendment on its financial statements.

(5) Ind AS 19 Employee Benefits

This amendment requires:

- To use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- To recognise in profit or loss as part of past service cost, or gain or loss on settlement, any reduction in surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

The Company is evaluating the impact of this amendment on its financial statements.

(6) Ind AS 103 Business Combinations

The amendments clarify that, when an entity obtains control of a business that is a joint operation, it applies the requirements for a business combination achieved in stages, including remeasuring previously held interests in the assets and liabilities of the joint operation at fair value. In doing so, the acquirer remeasures its entire previously held interest in the joint operation. The Company will apply the pronouncement if and when it obtains control / joint control of a business that is a joint operation.

(7) Ind AS 111 Joint Arrangements

A party that participates in, but does not have joint control of, a joint operation might obtain joint control of the joint operation in which the activity of the joint operation constitutes a business as defined in Ind AS 103. The amendments clarify that the previously held interests in that joint operation are not remeasured. The Company will apply the pronouncement if and when it obtains control / joint control of a business that is a joint operation.

Note 35 : Employee benefits

The Company contributes to the following post-employment plans in India.

Defined Contribution Plan:

The Company pays provident fund contributions to publicly administered provident funds as per local regulations and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the appropriate authorities.

The Company recognised ₹ 68.05 lakh for the year ended March 31, 2019 (Previous Year ₹ 56.08 lakh) towards provident fund contribution in the Statement of Profit and Loss.

Defined Benefit Plan:

The Company's gratuity and leave encashment/long-term compensated absences schemes are defined benefit plans. The Company's liability for the defined benefit schemes is actuarially determined based on the projected unit credit method. The Company's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services and the current and prior periods that benefit is discounted to determine its present value and the fair value of the plan asset is deducted. Actuarial gains and losses are recognised in Other Comprehensive Income.

In accordance with the provisions of the Payment of Gratuity Act, 1972, the Company has a defined benefit plan which provides for gratuity payments. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Company.

Liabilities in respect of the gratuity plan are determined by an actuarial valuation, based upon which the Company makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees. Trustees administer the contributions made by the Company to the gratuity scheme.

The most recent actuarial valuation of the defined benefit obligation along with the fair valuation of the plan assets in relation to the gratuity scheme was carried out as at March 31, 2019. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:\

(₹ in lakh)

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include :

- the fair value of the forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk;
- Market risk;
- Currency risk;

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Note 36.2 : Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's sales are backed by letters of credit and commercial general liability insurance policy from Reliance General Insurance.

The company individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Company makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals. The Company monitors each loans and advances given and makes any specific provision wherever required.

The maximum exposure to credit risk for trade and other receivables by type of counterparty was as follows.

The Company held cash and cash equivalents of ₹ 16.44 lakh at March 31, 2019 (previous year ₹ 24.37 lakh). The cash and cash equivalents are held with bank and financial institution counterparties with good credit rating.

Note 36.3 : Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

Note 36.4 : Currency Risk

Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Generally, the Company hedge the financial instruments to manage volatility in profit or loss.

Currency risk

The company operates internationally and portion of the business is transacted in USD, EURO and GBP currencies and consequently the company is exposed to foreign exchange risk through its sales in overseas market and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods and services in the respective currencies and through derivative instruments.

The company evaluates exchange rate exposure arising from foreign currency transactions and the company follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows. The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against all other currencies at March 31, 2019 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

GBP (3% movement)	(0.20)	0.20
TOTAL	(40.07)	40.07

Note: Sensitivity has been calculated using standard Deviation % of Foreign currency rate movement.

Note 36.5 : Interest rate risk

Interest rate risk can either be fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(₹ in lakh)				
Particulars	Profit or (loss)		Profit or (loss)	
	March 31, 2019		March 31, 2018	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable-rate instruments	(175.67)	175.67	(124.17)	124.17
Cash flow sensitivity (net)	(175.67)	175.67	(124.17)	124.17

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark as applicable to the borrowings summarized above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

Note 37 : Hedge accounting

The Company's risk management policy is to hedge its foreign currency exposure in accordance with the exposure limits advised from time to time. The Company uses forward exchange contracts to hedge its currency risk. Such contracts are generally designated as cash flow hedges.

The forward exchange contracts are denominated in the same currency as the highly probable future transaction value, therefore the hedge ratio is 1:1. The Company's policy is for the critical terms of the forward exchange contracts to align with the hedged item.

The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of their respective cash flows. The Company assesses whether the derivative designated in each hedging relationship is expected to be and has been effective in offsetting changes in the cash flows of the hedged item using the hypothetical derivative method.

In these hedge relationships, changes in timing of the hedged transactions is the main source of hedge ineffectiveness

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Given that the Company does not have any intention to dispose investments in subsidiaries in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Note 40 : Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the Company's Capital Management is to maximise shareholder value. The Company manages its capital structure and makes adjustments in the light of changes in the economic environment and the requirements of the financial covenants, if any.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity.

a) The Company's adjusted net debt to equity ratio at March 31, 2019 was as follows.

(a) Employee stock option scheme (ESOS,2015)

The Company has implemented Employees under Employee stock option scheme (ESOS, 2015) which was approved by the Shareholders at the 21st Annual General Meeting. The employee stock option scheme is designed to provide incentives to all the permanent employees to deliver long-term returns. Under the plan, participants are granted options which will vest in 4 years (40% in 1st year, 30% in 2nd year, 20% in 3rd year and 10% in 4th year) from the date of grant. Participation in the plan is at the discretion of the Compensation Committee / Board of Directors of the Company.

Once vested, the options remains exercisable for a period of three years.

Options are granted at the market price on which the options are granted to the employees under ESOS 2015. When exercisable, each option is convertible into one equity share.

(b) **Employee stock option plan (ESOP,2012)**

The Company has implemented Employee Stock Option Plan (ESOP 2012) which was approved by the Shareholders at the Extra-Ordinary General Meeting of the Company in the Year 2012. The employee stock option plan is designed to provide incentives to all the permanent employees to deliver long-term returns. Under the plan, participants are granted options which will vest in 4 years (40% in 1st year, 30% in 2nd year, 20% in 3rd year and 10% in 4th year) from the grant date. Participation in the plan is at the discretion of the Compensation Committee / Board of Directors of the Company.

Once vested, the options remains exercisable for a period of seven years.

Options are granted under ESOP 2012 at an exercise price of ₹ 34/- each. When exercisable, each option is convertible into one equity share.

Set out below is a summary of options granted under both the plans:

CONSOLIDATED FINANCIALS AND AUDITORS' REPORT

INDEPENDENT AUDITOR’S REPORT

To the Members of
Astec LifeSciences Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Astec LifeSciences Limited (hereinafter referred to as the ‘Holding Company’) and its subsidiaries (Holding Company and its subsidiaries together referred to as “the Group”), which comprise the consolidated balance sheet as at 31 March 2019, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of other auditor on separate financial statements of such subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31 March 2019, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Revenue Recognition

See note 25 to the Consolidated financial statements

Key audit matter	How the matter was addressed in our audit
Revenue from sale of goods is recognised when the control of the goods has passed, which is usually on delivery of the goods. There is a risk that revenue may be overstated on account of it being recorded in the incorrect period.	Our audit procedures included the following: <ul style="list-style-type: none"> - Evaluating the process followed by the management for revenue recognition including understanding and testing of key controls relating to recognition of revenue in correct period; - Inspecting underlying documentation/records for sales transactions recorded either side of year-end to determine whether revenue has been recognised in the correct period; and - Critically assessing manual journals posted to revenue to identify unusual or irregular items.

Pending Litigations and claims

See note 43 to the Consolidated financial statements

Key Audit Matter	How the matter was addressed in our audit
<p>As at 31 March 2019, group is having pending litigations under various laws such as Income Tax, Excise, VAT and Customs.</p> <p>We focused on this area as eventual outcome of the claims is uncertain and position taken by the management is based on the application of material judgment and estimation. Accordingly, unexpected adverse outcome could significantly impact group's profit and balance sheet position.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none">- We discussed the status of significant and potential litigations with management who have knowledge of these matters and where relevant we also obtained formal confirmation from the Company's external tax consultants.- Use of our own local Indirect and Direct tax specialists to assess the value of contingent liabilities in light of the nature of exposure, applicable regulations and related correspondence with authorities; and- Considering the adequacy of the disclosure made in relation to contingent liabilities.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern

basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (company and subsidiaries) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements of a subsidiary, whose financial statements reflect total assets of ₹ 45.29 lakhs as at 31 March 2019, total revenues of ₹ 1.91 lakhs and net cash flows amounting to ₹ 0.04 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the audit report of the other auditor.
- (b) The financial information of two subsidiaries, whose financial statements reflect total assets of ₹ 6.51 lakhs as at 31 March 2019, total revenues of ₹ 3.68 lakhs and net cash flows amounting to ₹ (3.99) lakhs for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. These unaudited financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor and the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statements of such subsidiary as were audited by other auditor, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiary company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements of the subsidiary, as noted in the 'Other Matters' paragraph:
- i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2019 on the consolidated financial position of the Group. Refer Note 43 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2019.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and there are no amounts which are required to be transferred to the Investor Education and Protection Fund in case of its subsidiary company incorporated in India during the year ended 31 March 2019.
 - iv. The disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2019.
- C. With respect to the matter to be included in the Auditor's report under section 197(16):

In our opinion and according to the information and explanations given to us and based on the report of the statutory auditor of such subsidiary company which was not audited by us, the remuneration paid during the current year by the Holding Company, its subsidiary company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company, its subsidiary company, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE AUDITOR'S REPORT

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF ASTEC LIFESCIENCES LIMITED – 31 MARCH 2019

Report on the internal financial controls with reference to financial statements under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph (A-f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls with reference to consolidated financial statements of Astec LifeSciences Limited (hereinafter referred to as "the Holding Company") and such company incorporated in India under the Companies Act, 2013 which is its subsidiary company, as of that date.

In our opinion, the Holding Company and such company incorporated in India which is its subsidiary company, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

Auditors' Responsibility

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to a subsidiary company, which is company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Note 1 : Significant accounting policies

A. General Information

Astec LifeSciences Ltd. ("the Company") is a public limited Group, which is domiciled and incorporated in the Republic of India with its registered office situated at Godrej One, 3rd Floor, Pirojsha Nagar, Eastern Express Highway, Vikhroli East, Mumbai - 400 079. The Company & its subsidiaries together considered as a group manufactures & distributes a wide range of Agrochemical active ingredients and pharmaceutical intermediates.

B. Basis of preparation

(1) Statement of compliance with Ind AS

The accompanying consolidated financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The consolidated financial statements for the year ended 31 March 2018 have been reviewed by the Audit Committee and subsequently approved by the Board of Directors at its meeting held on April 30, 2019.

(2) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that is measured at fair value (refer- Accounting policy regarding financials instruments);
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments - measured at fair value

(3) Basis of Consolidation

(i) Subsidiaries :

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group. The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter Group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed wherever necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Equity method :

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in the Consolidated Statement of Profit and Loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealised gains on transactions between the group and its subsidiaries are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

(4) Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Indian Rupee (INR) is the functional and presentation currency of the Group. All amounts have been rounded off to the nearest lakh, unless otherwise indicated.

C. Key estimates and assumptions

While preparing consolidated financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgement, estimates and assumptions are required in particular for:

(1) Determination of the estimated useful lives

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

(2) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

(3) Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

(4) Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(5) Discounting of long-term financial assets / liabilities

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortised cost, interest is accrued using the effective interest method.

(6) Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this option pricing model.

(7) Determining whether an arrangement contains a lease

At inception of an arrangement, the Group determines whether the arrangement is or contains a lease.

At inception or on reassessment of an arrangement that contains a lease, the Group separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Group concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Group's incremental borrowing rate. And in case of operating lease, treat all payments under the arrangement as lease payments.

(8) Fair value of financial instruments

Derivatives are carried at fair value. Derivatives includes foreign currency forward contracts. Fair value of foreign currency forward contracts are determined using the fair value reports provided by respective bankers.

(9) Liability for Sales Return

Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Group to be reliable estimate of future sales returns.

D. Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or

pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

E. Significant accounting policies

(1) Revenue recognition :

i. Sale of goods

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Group includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Revenue from the sale of goods are recognized when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer, This is generally when the goods are delivered to the customer depending on individual customer terms, which can be at the time of dispatch or delivery. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Group no longer have control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Group. As at 31 March 2019, an estimate has been made of goods that will be returned and a liability has been recognized for this amount. An asset has also been recorded for the corresponding inventory that is estimated to return to the Group using a best estimate based on accumulated experience.

ii. Dividend income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

iii. Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

(2) Foreign currency :

(i) Transaction and balances

Transactions in foreign currencies are translated into the respective functional currencies of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Group's monetary items at the closing rate are recognized as income and expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

Exchange differences are generally recognised in the Statement of Profit and Loss, except exchange differences arising from the translation of the following item which are recognized in OCI:

- Qualifying cash flow hedges to the extent that the hedges are effective.

(3) Employment Benefits

(i) Short-term obligations

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The Group has a scheme of Performance Linked Variable Remuneration (PLVR) which rewards its employees based on either Economic Value Added (EVA) or Profit before tax (PBT). The PLVR amount is related to actual improvement made in either EVA or PBT over the previous year when compared with expected improvements.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The following post – employment benefit plans are covered under the defined benefit plans:

Gratuity :

The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(iv) Share-based payments

Share-based compensation benefits are provided to employees via the Astec LifeSciences Limited Employee Stock Option Plan.

Employee options:

The fair value of options granted under the Astec LifeSciences Limited Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

(v) Bonus plans

The Group recognises a liability and an expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(vi) Terminal benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

(4) Income-tax

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in the OCI.

(i) Current tax

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and associates to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognized directly in equity or OCI is recognized in equity or OCI and not in the statement of profit and loss.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(5) Inventories

- (i) Raw materials and stores, work in progress, traded and finished goods

Raw materials and stores, work in progress, traded and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Cost includes the reclassification from equity of any gains or losses on qualifying cash flow hedges relating to purchases of raw material but excludes borrowing costs. Costs are assigned to individual items of inventory on the basis of weighted average price. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(6) Property, plant and equipment

- (i) **Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Statement of Profit and Loss.

- (ii) **Subsequent expenditure**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation/ Amortizations

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives specified in schedule II to the Companies Act, 2013 except for the following:

(a) Plant and Machinery:

Based on the condition of the plants, regular maintenance schedule, material of construction, external and internal assessment and past experience, the Group has considered useful life of Plant and Machinery as 20 years.

(b) Computer Hardware:

Depreciated over its estimated useful life of 4 years.

(c) Leasehold Land:

Amortized over the primary lease period.

(d) Leasehold improvements and equipments:

Amortised over the Primary lease period or 16 years whichever is less

Assets costing less than ₹ 5,000 are fully depreciated in the year of purchase/acquisition. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

(7) Intangible assets

(i) Computer software

Recognition and measurement

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably.

Intangible assets viz. Computer software and product registration, which are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss.

The intangible assets are amortised over the estimated useful lives as given below:

- Computer software 6 years
- Product Registration 5 years

(ii) Research and development

Revenue expenditure on research & development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research & development is accounted for as an addition to property, plant & equipment.

(8) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

(9) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Group. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Chief Operating Officer of the Group. The Group has identified only one segment i.e. Agrochemicals as reporting segment based on the information reviewed by CODM.

(10) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial instruments also covers contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments, with the exception of contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements.

Derivatives are currently recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(11) Hedge accounting

The Group designates certain hedging instruments in respect of foreign currency risk, interest rate risk and commodity price risk as cash flow hedges. At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

The effective portion of changes in the fair value of the designated portion of derivatives that qualify as cash flow hedges is recognised in other comprehensive income and accumulated under equity. The gain or loss relating to the ineffective portion is recognised immediately in statement of profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued prospectively when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the statement profit or loss.

i. Financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- Where assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognized in Other Comprehensive Income (i.e. fair value through other comprehensive income).
- A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test: The objective of the Group's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Initial recognition & measurement

At initial recognition, the Group measures a financial asset at fair value plus, in the case of a financial asset not recorded at fair value through the Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

Equity investments

- All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.
- If the Group decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.
- Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or

- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance.
- b) Trade receivables - The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

ii. Financial liabilities

Classification

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through the Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(12) Provisions, contingent liabilities and contingent assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision disclosure is made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

(13) Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of hedged item on a present value basis from the inception of hedge. The gain or loss relating to the effective portion is recognized immediately in profit or loss.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss.

(14) Leases

In determining whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

(i) Lease payments

Payments made under operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

(ii) Lease assets

Assets held by the Group under leases that transfer to the Group substantially all of the risks and rewards of ownership are classified as finance leases. The leased assets are measured

initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases are classified as operating leases and are not recognised in the Group's statement of financial position.

(15) Impairment of non-financial assets

Goodwill and intangible assets that have infinite useful life are not subjected to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

The carrying values of other assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor that reflects current market assessments of the time value of money and the risk specific to the asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

(16) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(17) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

(18) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(F) Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs (“MCA”) through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind AS which the Group has not applied as they are effective from April 1, 2019:

Ind AS 116, Leases

Ind AS 116 Leases replaces existing lease accounting guidance i.e. Ind AS 17 Leases. It sets out principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet lease accounting model. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases. The Group is evaluating the impact of this amendment on these financial statements.

Amendments to existing Ind AS:

(1) Ind AS 12 Income Taxes : Amendments relating to income tax consequences of dividend and uncertainty over income tax treatments

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Group does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability. The Group is evaluating the impact of this amendment on its consolidated financial statements.

(2) Ind AS 109 Financial Instruments : Prepayment Features with Negative Compensation

Under Ind AS 109, a debt instrument can be measured at amortised cost or at fair value through other comprehensive income, provided that the contractual cash flows are ‘solely payments of principal and interest on the principal amount outstanding’ (the SPPI criterion) and the instrument is held within the appropriate business model for that classification. The amendments to Ind AS

109 clarify that a financial asset passes the SPPI criterion regardless of the event or circumstance that causes the early termination of the contract and irrespective of which party pays or receives reasonable compensation for the early termination of the contract. The Group is evaluating the impact of this amendment on its consolidated financial statements.

(3) Ind AS 28 Investments in Associate and Joint Ventures : Long-term interests in associates and joint ventures

The amendments clarify that an entity applies Ind AS 109 to long-term interests in an associate or joint venture to which the equity method is not applied but that, in substance, form part of the net investment in the associate or joint venture (long-term interests). This clarification is relevant because it implies that the expected credit loss model in Ind AS 109 applies to such long-term interests. The amendments also clarified that, in applying Ind AS 109, an entity does not take account of any losses of the associate or joint venture, or any impairment losses on the net investment, recognised as adjustments to the net investment in the associate or joint venture that arise from applying Ind AS 28 Investments in Associates and Joint Ventures. The Group does not currently have any long-term interests in associates and joint ventures.

(4) Ind AS 23 Borrowing Costs

The amendments clarify that if a specific borrowing remains outstanding after the related qualifying asset is ready for its intended use or sale, it becomes part of general borrowings. The Group is evaluating the impact of this amendment on its consolidated financial statements.

(5) Ind AS 19 Employee Benefits

This amendment requires:

- To use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- To recognise in profit or loss as part of past service cost, or gain or loss on settlement, any reduction in surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

The Group is evaluating the impact of this amendment on its consolidated financial statements.

(6) Ind AS 103 Business Combinations

The amendments clarify that, when an entity obtains control of a business that is a joint operation, it applies the requirements for a business combination achieved in stages, including remeasuring previously held interests in the assets and liabilities of the joint operation at fair value. In doing so, the acquirer remeasures its entire previously held interest in the joint operation. The Group will apply the pronouncement if and when it obtains control / joint control of a business that is a joint operation.

(7) Ind AS 111 Joint Arrangements

A party that participates in, but does not have joint control of, a joint operation might obtain joint control of the joint operation in which the activity of the joint operation constitutes a business as defined in Ind AS 103. The amendments clarify that the previously held interests in that joint operation are not remeasured. The Group will apply the pronouncement if and when it obtains control / joint control of a business that is a joint operation.

Note 35 : Employee benefits

The Group contributes to the following post-employment plans in India.

Defined Contribution Plan:

The Group pays provident fund contributions to publicly administered provident funds as per local regulations and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the appropriate authorities.

The Group recognised ₹ 68.05 lakh for the year ended March 31, 2019 (Previous Year ₹ 56.08 lakh) towards provident fund contribution in the Statement of Profit and Loss.

Defined Benefit Plan:

The Group's gratuity and leave encashment/long-term compensated absences schemes are defined benefit plans. The Group's liability for the defined benefit schemes is actuarially determined based on the projected unit credit method. The Group's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services and the current and prior periods that benefit is discounted to determine its present value and the fair value of the plan asset is deducted. Actuarial gains and losses are recognised in Other Comprehensive Income.

In accordance with the provisions of the Payment of Gratuity Act, 1972, the Group has a defined benefit plan which provides for gratuity payments. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Group. Liabilities in respect of the gratuity plan are determined by an actuarial valuation, based upon which the Group makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees. Trustees administer the contributions made by the Group to the gratuity scheme.

The most recent actuarial valuation of the defined benefit obligation along with the fair valuation of the plan assets in relation to the gratuity scheme was carried out as at March 31, 2019. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

Assumptions regarding future mortality have been based on published statistics and mortality tables.

iv. **Sensitivity analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

(₹ in Lakh)

Particulars	March 31, 2019		March 31, 2018	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(10.25)	12.00	(8.53)	10.02
Future salary growth (1% movement)	12.22	(10.60)	10.20	(8.82)
Rate of employee turnover (1% movement)	2.73	(3.12)	2.37	(2.71)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

v. **Expected future cash flows**

The expected future cash flows in respect of gratuity as at March 31, 2019 were as follows

(₹ in Lakh)

Expected future benefit payments	March 31, 2019	March 31, 2018
1st Following year	7.56	2.60
2nd Following year	4.49	6.37
3rd Following year	5.97	3.92
4th Following year	3.60	5.08
5th Following year	11.76	3.02
Thereafter	45.49	28.70

Other long-term employee benefits:

Compensated absences are payable to employees at the rate of daily salary for each day of accumulated leave on death or on resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2019 based on actuarial valuation using the projected accrued benefit method is ₹ 11.28 lakh (Previous year : ₹ 11.71 lakh).

Terminal Benefits: All terminal benefits including voluntary retirement compensation are fully written off to the Statement of Profit & Loss.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include :

- the fair value of the forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

C. Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk;
- Market risk;
- Currency risk;

i. Risk management framework

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Note 36.2 : Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's sales are backed by letters of credit and commercial general liability insurance policy from Reliance General insurance. Accordingly no provision has been made on the same.

The Group individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Group makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The Group monitors each loans and advances given and makes any specific provision wherever required.

The maximum exposure to credit risk for trade and other receivables by type of counterparty was as follows.

Cash and cash equivalents

The Group held cash and cash equivalents of ₹ 21.23 lakh at March 31, 2019 (previous year ₹ 33.12 lakh) . The cash and cash equivalents are held with bank and financial institution counterparties with good credit rating.

Note 36.3 : Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

Note 36.4 : Currency Risk

Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Group uses derivatives to manage market risks. Generally, the Group hedge the financial instruments to manage volatility in profit or loss.

Currency risk

The Group operates internationally and portion of the business is transacted in USD, GBP & EURO currencies and consequently the Group is exposed to foreign exchange risk through its sales in overseas market and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods and services in the respective currencies and through derivative instruments.

The Group evaluates exchange rate exposure arising from foreign currency transactions and the Group follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Exposure to currency risk

The summary quantitative data about the Group's exposure to currency risk as reported to the management of the Group is as follows. The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against all other currencies at 31 March, 2019 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

EUR (4% movement)	(14.01)	14.01
GBP (3% movement)	(0.20)	0.20
TOTAL	(40.07)	40.07

Note: Sensitivity has been calculated using standard Deviation % of USD rate movement.

Note 36.5 : Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Group's interest-bearing financial instruments as reported to the management of the Group is as follows.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(₹ in lakh)

Particulars	Profit or (loss)		Profit or (loss)	
	March 31, 2019		March 31, 2018	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable-rate instruments	(175.67)	175.67	(124.17)	124.17
Cash flow sensitivity (net)	(175.67)	175.67	(124.17)	124.17

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark as applicable to the borrowings summarized above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

Note 37 : Hedge accounting

The Group's risk management policy is to hedge its foreign currency exposure in accordance with the exposure limits advised from time to time. The Group uses forward exchange contracts to hedge its currency risk. Such contracts are generally designated as cash flow hedges.

The forward exchange contracts are denominated in the same currency as the highly probable future transaction value, therefore the hedge ratio is 1:1. The Group's policy is for the critical terms of the forward exchange contracts to align with the hedged item.

The Group determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of their respective cash flows. The Group assesses whether the derivative designated in each hedging relationship is expected to be and has been effective in offsetting changes in the cash flows of the hedged item using the hypothetical derivative method.

In these hedge relationships, changes in timing of the hedged transactions is the main source of hedge ineffectiveness.

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Given that the Group does not have any intention to dispose investments in subsidiaries in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Note 40 : Capital Management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the Group's Capital Management is to maximise shareholder value. The Group manages its capital structure and makes adjustments in the light of changes in the economic environment and the requirements of the financial covenants, if any.

The Group monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity.

a) The Group's adjusted net debt to equity ratio at March 31, 2019 was as follows:-

(₹ in lakh)		
Particulars	March 31, 2019	March 31, 2018
